For the Not-So-Retiring

First, there is the ideal location in a major centre that only a city like Canberra can offer. Then there is the peaceful and serene setting. Open your front door and step out into a community that exemplifies everything you expect from independent living. A community where neighbours become friends. Where stories are shared over coffee. Where you can participate in various groups. This setting, makes RSL LifeCare's Coral Park a great place for the not-so-retiring.

Choose from spacious two bedroom residences (27 in total) that offer a perfect complement for carefree, independent living. Participate in your choice of inviting programs and events.

The Village offers a lifestyle based on security and peace of mind. If the time comes for additional care, we can provide LifeCare @ Home services. We aim to assist all residents to maintain as much independence as possible. We also have on-site our 136-bed residential care service, Bill McKenzie Gardens.

Coral Park provides 24/7 staff and emergency call service, friendly community room for functions and family occasions, billiards room, workshop, hair salon, library and our comprehensive recreation and activities calendar including morning teas, walking club, exercise classes and much more. All residents have access to our bus service with frequent trips to shops and local points of interest.

Comments from our Residents

"It's a very nice atmosphere. Lovely people live here. You don't have to be involved in anything if you don't want to – you can just enjoy yourself quietly."

"I like the open spaces... no maintenance too!"

"We were happy where we were living but it had become very busy, very noisy, and we're pleased to now be somewhere where it is quiet and not too far from anywhere."

"If someone has a problem, for example if they are sick, we make sure there is someone looking after their place, looking after the mail, all the things they worry about."

"Best move my wife and I ever made. Matter of fact, we should have moved here ten years ago."

Now it's our turn to look after you

Bill McKenzie Gardens is a living community for 136 seniors who are provided with residential care or nursing home services. There is around-the-clock influence of registered nurses and care assistants. Bill McKenzie Gardens is designed for people who need medical/rehabilitative care, restorative care, dementia care as well as those with mental health issues. The living spaces include wide halls, lounges, reminiscence centres and nurse care areas. Residents live in single and shared community rooms for planned daily activities, socials and dining. Meals are prepared based on individual dietary needs.

The type and amount of care a person receives is dependent on what is needed to maintain his or her lifestyle and includes assistance with basic activities of daily living (eating, bathing and grooming, toilet help, dressing, transport, etc) in which a resident may require help or supervision. Skilled Care is provided for those who need medical or nursing care or rehabilitative services for the rehabilitation of injured, disabled or sick persons. Specialist dementia care accommodation gives residents the best quality life in a safe and supportive environment. A personalised activities calendar is also available to all residents.

From our Residents...

Michael and Ros are very happy that they moved into Coral Park. They wanted to stay in the area to be close to family and fell in love with their unit the moment they saw it. "We love walking around the village and saying hello to everyone and enjoying the beautiful garden. We enjoy the activities and keep so busy our family often cannot get hold of us. We are very settled and at peace living here and it is reassuring knowing that if and when the time comes that we need assistance, Bill McKenzie Gardens is close by".

Our History

RSL LifeCare is a charitable organisation that was formed in 1911 to provide care and service to war veterans. Services were initially provided at Bare Island, Botany Bay, until moving to Narrabeen in 1939. From small beginnings providing care and service to just a handful of war veterans, the organisation has grown to be one of the largest senior living services in Australia.

Caring for 7,500 people across Retirement Living, Home Care, Assisted Living, Dementia and Nursing Homes, we have developed an extensive range of services that fosters independence and provides social, clinical, emotional and spiritual support.

Despite our growth and the passage of time, RSL LifeCare remains true to its original aim and mission – to provide a home of peace and security to senior Australians.
